

Choosing your Primary Care Provider

Choosing your Performance HMO Primary Care Provider (PCP).

The CS VEBA Performance HMO Plan separates doctors and hospitals into three distinct networks (Network 1, Network 2 and Network 3). Networks are based on each participating provider group's quality outcomes and health care costs. A key decision in managing your health is choosing your primary care provider (PCP) from one of the three Performance Plan networks. Using the grids shown below, you would first review and select your network (1, 2 or 3), then choose the medical group within your county. Once you decide on the medical group, you can choose a PCP that best meets your health care needs by visiting **csveba.welcometouhc.com**.

Find your PCP using the online Provider Directory.

Search for a PCP or other health care professional by name, specialty or ZIP code. The easy-to-use online provider directory puts participating/contracting providers at your fingertips. You can even get driving directions and print a map to the doctor's office.

To find a participating/contracting health care provider in your Performance HMO network:

- 1. Go to welcometouhc.com/csveba.
- 2. Under Wondering if your doctor is in our network? Click on "Find a Network Doctor or Hospital".
- 3. Select the appropriate plan(s): "CS VEBA Performance HMO Networks 1, 2 or 3 or the Alliance San Diego Network".
- 4. Enter your **ZIP code** and click **Continue**.
- 5. On the next page, click the **X** in the top right corner. Now you can search by **Name**, **Specialty** or **Medical Group**.

Why a PCP is important.

Having a PCP is an important way to help you stay healthy. You and your PCP will work as a team, along with nurses, pharmacists and other health care providers, to manage your overall health. Your PCP will get to know you and your current health status. If your health changes, your PCP will be more likely to recognize it, as he or she will be familiar with you and your medical history. Your PCP can use this knowledge to advise you on appropriate treatments, and help you make medical decisions that suit your lifestyle and daily habits.

If you don't have a PCP, or you're not comfortable with the doctor you have, think about choosing a new one.

Steps to consider when choosing your doctor.

Figure out what kind of doctor will best meet your needs.

- Family and general practitioners care for a wide range of health concerns. They may be able to treat family members of any age.
- · Internists treat adults and may have additional training in specialties, such as cardiology.
- Pediatricians provide care to children and adolescents.
- Geriatricians specialize in the care of older adults.

*Based on 2016 updated cost and quality assessments, medical groups may be available in more than one CS VEBA Performance HMO network. For additional details on your medical group, please refer to the UnitedHealthcare website at www.csveba.welcometouhc.com. Please note that UnitedHealthcare cannot guarantee the continuing participation or network level of medical groups and physicians listed in this brochure. To verify a medical group or physician's continued participation, please visit our online provider directory, or contact UnitedHealthcare at 1-888-586-6365.

Health plan coverage provided by or through UHC of California. Administrative services provided by UnitedHealthcare Services, Inc.; Optum Rx, Inc.; or OptumHealth Care Solutions, Inc. Behavioral health products are provided by U.S. Behavioral Health Plan, California (USBHPC); or United Behavioral Health (UBH).
