

Get Connected!

with iFoster's refurbished computer program, online trainings and support

Ever wonder what happens to those high performance business computers that large corporations don't need anymore? We have them!

Part of the global Microsoft Refurbisher Program, Get Connected! brings you Dell, HP, and IBM Internet ready business laptops and desktops. Every computer comes with brand new Microsoft software valued at \$350 including: Windows 7 Professional, Office 2010 with full functionality programs like Word and Excel, PowerPoint, Windows Security Essentials and Silverlight for web design.

What is a refurbished computer?

Refurbished computers are business computers that were bought new and used for a couple of years by large corporations. Business computers are higher quality than consumer computers you can buy in a retail store and typically cost ~\$1,000 new. With better components, they provide better performance and reliability. Their rugged construction enables them to withstand multiple users and extended daily use.

Refurbished means a Microsoft Registered Refurbisher has erased all data, sanitized and loaded each machine with new, upgraded Microsoft software and put it through rigorous testing. Sometimes refurbished computers pass with flying colors and then have problems when they arrive. **This is why every computer comes with a 90 day replacement warranty.** If we determine there is a hardware failure or a computer broke in shipping, we will replace it at no cost including paying for shipping (both to ship back the broken computer and ship replacement).

The iFoster refurbished computers are **Class A refurbished computers**. This means they should look no more than slightly used and work perfectly. Each computer has been tested and checked thoroughly (your computer's individual Technical Quality Control sign-off sheet is included with your computer). These computers are the same ones the iFoster Team uses daily to update and revamp our website, write emails and newsletters, create our programs and take on the road the meetings and conferences.

What kind of tech support do I receive?

We are here to make sure you Get Connected! and stay connected! We offer tech support for as long as you are an iFoster member. Yes, even after your 90 day warranty is expired. Our tech support includes:

- Live tech support 9am to 5pm PT, call 1-855-936-7837
- Interactive trainings, videos and self-help guides from leaders in tech training available at www.ifoster.org
- Our tech support covers: Computer Basics, Using Microsoft Software, Internet Basics, Security and Privacy

Type	Make	Model	Image	Processor	Minimum Processor Speed (Ghz)	Minimum RAM (GB)	Minimum Hard Drive (GB)	Optical Drive	Screen Size	Price
Single Core	Dell	D610		Pentium M	1.60	1	40	DVD/CD-RW	14.1"	\$160.00
Dual Core	Dell	D620		Intel Core Duo	1.83	2	60	DVD/CD-RW	14.1"	\$200.00
Dual Core	IBM	T60		Intel Core Duo	1.83	2	60	DVD/CD-RW	14.1"	\$200.00
Dual Core	Lenovo	T61		Intel Core 2 Duo	1.83	2	80	DVD/CD-RW	14.1"	\$205.00
Dual Core	Dell	D630		Intel Core Duo	1.83	2	80	DVD/CD-RW	14.1"	\$215.00
Dual Core	Lenovo	T400		Intel Core 2 Duo	1.66	2	80	DVD-RW	14.1"	\$225.00
Dual Core	Dell	E6400		Intel Core 2 Duo	1.66	2	80	DVD-RW	14.1"	\$235.00
Dual Core	Dell	E6410		Intel i5	1.66	2	100	DVD-RW	14.1"	\$310.00
Dual Core	Lenovo	T410		Intel i5	1.66	2	100	DVD-RW	14.1"	\$310.00

Note: These are minimum specifications, actual units may be superior. For hard drive size, ~8Gb will be taken up with Microsoft's Recovery Partition to ensure all software can be recovered in the event of a system failure. Available hard drive space will be less. For example, for a minimum 40Gb, available space will be ~32Gb.

Currently available DESKTOPS

Catalog & pricing good through Dec 31, 2016
